Cortado

A cloud printing solution available as a free download.

Your Desktop in the Cloud

Cortado Workplace is the central hub for your mobile requirements. Whether with smartphone, tablet, PC, Mac or notebook - Cortado Workplace allows round-the-clock access to your files and documents. View files you scanned from you HyPAS enabled Kyocera MFP, exchange them between devices and work on the go just as with your desktop PC.

- Print on any printer in your current WiFi network or via Bluetooth
- Print from all kinds of different devices and platforms
- No printer driver needed, no additional software required
