Plockmatic Pro30™ Booklet Maker
Create professional-quality booklets at print engine speed with a compact, affordable print option.

The Plockmatic Pro30™ Booklet Maker is the production inline option for professional users that require booklets of highest quality at rated speed—including the option to add color covers and inserts. The Pro30's compact design allows customers to choose only the modules they need based on their applications. It can also be used as a walk-up device in offline mode.

Features

- **Booklet Maker (BM30)** – The standard configuration includes the Booklet Maker and output tray to provide set compiling, stapling, folding and output tray stacking.
- **Rotate Crease and Bleed Trimmer (RCT30)** (optional) – Adds rotation, creasing, and bleed trimming to folded booklets for a professional look.
- **Cover Feeder (CF30)** (optional) – Can be added to any configuration to add pre-printed covers and printed square spines that give booklets the appearance of a perfect bound book.
- **Face Trimmer (TR30)** (optional) –Removes the shingled effect on the face of the finished document when multiple sheets are folded and provides a clean document edge.
- **Square Folder (SQF30)** (optional) – Adds square folding to booklets for a professional look and printable spine.

Benefits

- Produces booklets with professional look and feel at an affordable cost
- Inline configuration saves time of doing finishing tasks separately
- Reduces waste and cost of human errors
- Small footprint saves floor space and enables a smooth work flow environment
- Creates new opportunities and cost-effective solutions for customers
- Flexibility of inline or walk-up use (when in offline mode)
- No productivity loss on booklet application. Rotator module allows engine to run at full rated speed
- Robust design for optimal application quality when producing booklets from coated media or heavier stock
- Can be combined with the Xerox® Tape Binder for even more finishing capabilities.
