Xerox® Mobile Print

Productivity anywhere your
business takes you.

True printing freedom that's simple, convenient and secure.

It's no secret that mobile technology has changed where and how business gets done. People work from virtually anywhere, and as mobile as our workforces have become, people still need to print conveniently – wherever and whenever business requires. That's where Xerox can help with powerful and flexible choices.

Convenient Mobile Printing

From most mobile devices to almost any networked printers or MFPs, Xerox® Mobile Print raises your productivity anyplace your business takes you – whether you're out and about or simply in another part of your building.

We take the mystery and anxiety out of mobile-device printing with truly flexible solutions that are simple, convenient and secure.

Flexible Print Workflows

Xerox® Mobile Print enables you to easily print from your smartphone or tablet – as well as laptops and desktops. You can:

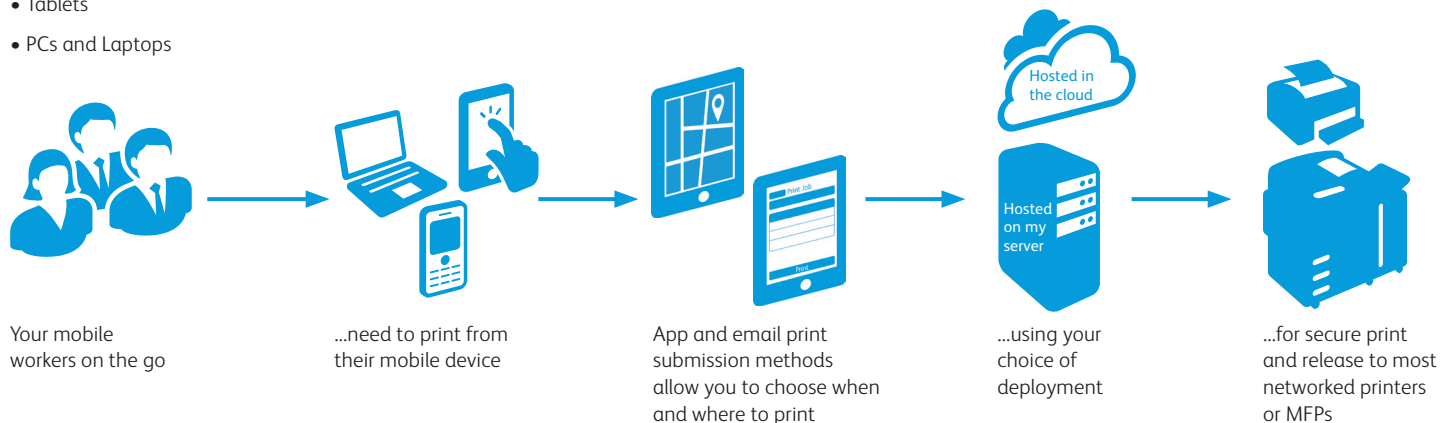

- Select your office documents, photos, PDFs and more.
- Find the closest printer and manage your print settings.
- Select and preview your document.
- Securely release your document to print.

Connect to Your Office Applications and Print – with Confidence

True native Microsoft® Office conversion enables you to print your most common business documents, such as Microsoft Word®, Excel®, PowerPoint® and PDFs, as well as common image formats without concern for losing your formatting, data or quality.

Xerox® Mobile Print enables you to print from most mobile devices, including:

- Mobile Smartphones
- Tablets
- PCs and Laptops

Accelerate your productivity. Simplify your work life.

Xerox® Mobile Print is a turnkey solution that's simple, convenient and secure.

Simple

Submit documents through your email or by using our applications. Printing workflows are hassle-free enabling you to print when and where you need.

- No client software or print driver download is required to print.
- Enables printing support for Bring Your Own Device initiatives.

Convenient

• Xerox® Mobile Print raises the bar on printing, giving you just what you need, right when you need it.

- Preview jobs before printing and set print options such as duplex – all right from your tablet, smartphone or printer control panel.
- Central portal for account and device management makes administration straightforward. It's easy whether you choose to manage via the cloud or on-site, locally.

Secure

Xerox® Mobile Print provides robust protection at every level and gives you the security and control you require:

- Immediately enable your mobile workers to print from their mobile device.
- Establish access controls that Allow or Block the ability to mobile print.
- Securely hold documents until you log in and choose to release for print.
- Get peace of mind with the secure Xerox on-premise and cloud solutions.
- Enhanced accounting integration to deliver user-based tracking.

Support the needs of your business.

Your choice. Your way. Whether you want to manage it yourself or have us manage it for you, Xerox® Mobile Print provides flexible options to easily add innovation to your organization. Print from anywhere to nearly any printer or MFP.

Your Choice. Your Way.

- Choose Xerox® Mobile Print Cloud for quick, easy setup and to easily manage local and remote locations and control visitors' printing access.
- Choose Xerox® Mobile Print Solution with an on-site server for your internal network, or behind your network's firewall, for added control and higher volume use.

Whether you want to manage it yourself or have us take care of everything, you have total control. Either way, it frees you and your staff to focus on more complex issues that drive your core business.

Try it for free. Download our free 30-day trial today and see firsthand how Xerox® Mobile Print Cloud can help your organization today.

Discover the solution that works best for you and watch a video demonstration at www.xerox.com/mobile.
