

Xerox® Perfect Binder

Drive more business with cost-effective, on-demand book finishing.

The Xerox® Perfect Binder makes it easy for you to get more from your Xerox® D110/D125/D136 Copier Printer* or Xerox® 800/1000 Presses. Take advantage of new opportunities to grow your business in the area of on-demand books, self-published works – and other “micro-niche” publications.

The Xerox® Perfect Binder is a versatile new finishing option that enables inline production of perfect bound books and is capable of performing face trim and full bleed trim for delivery of professionally finished books.

The Xerox® Perfect Binder is perfect for traditional book manufacturing where pre-printed heavy covers are a must. The Xerox® Perfect Binder also has the unique ability to act as an offline (manual) binding device for prints made on other systems.

* Not available on the Xerox® D Series in the U.S.

Xerox® Perfect Binder¹

Expand your opportunities, grow your business.

Say “yes” to more applications – novelty books, manuals, textbooks, course books, magazines, catalogues, trade books and selected photo books and yearbooks. Use inline or offline, you’ll have big capabilities in a small footprint. You can use mixed media to create these higher-value books, inserting pre-printed covers or covers printed in your workflow.

Add greater appeal, drive more revenue.

Perfect-bound books are higher in value and appeal and can drive more revenue for your business.

- Self-published books and charity/novelty books can make up a large volume of print
- Manuals are being printed in shorter runs – making it a perfect application

- Text and customized course books are another great way to add revenue and volume
- Magazines and catalogs can be personalized and delivered in high quality

Increase flexibility and productivity.

For the Xerox® 800/1000 Presses, operators can put the device into manual mode, which gives operators the flexibility to introduce book blocks and covers from other print devices while the primary device is producing alternative applications, driving maximum productivity.

Xerox® Perfect Binder Benefits

Grow your Business.

- Say yes to more applications
- Use mixed media
- Simple job setup and fast turnaround time

Produce more great work.

- High-value quality
- Personalized covers and content

Reduce Your Costs.

- Full asset utilization
- Use inline with the Xerox® Color 800/1000 Presses or Xerox® D110/D125/D136 Copier/Printer¹
- Use offline/manual for other book blocks and covers
